Full-Stack Web Developer

I am an enthusiastic web developer, fascinated by mathematics/logic and passionate about pursuing a more beautiful, functional and intuitive user experience. My extensive experience in fast-paced, service-focused teams, paired with a background in mathematics and newly developed skills in JavaScript, jQuery and HTML/CSS make me a powerful problem-solver and a valuable asset to any technical team.

Technical Skills

HTML5 | CSS3 | ES6 | Bootstrap | jQuery | Node.js | Git

Other Relevant Skills

- Strong problem solving and multitasking capabilities
 - Excellent time management and organizational skills
 - Proven ability to work independently and in a team
 - Superior attention to detail
-
